If you want to watch the Harry Potter movies in order, grab your wand, head to Platform 9 3/4 and settle in for a streaming ride. The beloved books have ignited the imaginations of kids all over the world, who dreamed of attending Hogwarts School of Witchcraft and Wizardry alongside Harry, Hermione and Ron. The seven books were adapted into eight movies (with the final book split into two films) that brought in billions of dollars at the box office and made stars of its young cast. The popularity of the books and movies led to the Fantastic Beasts spinoffs (Fantastic Beasts 3 is out this spring).The Harry Potter franchise starts with the eponymous hero at the age of 11, who discovers he's actually a wizard. He receives an invite to attend Hogwarts, under the guidance of kind Headmaster Albus Dumbledore. There, he makes friends, enters his teen years and hones his powers before facing off against the Lord Voldemort, the dark wizard who killed his parents.As the Harry Potter-verse has grown, so too has the number of streaming options. It can be confusing to figure out where to find the Harry Potter movies and whether to stream them by release date or by the chronological timeline. That's why we've put together this guide on how to watch the the Harry Potter movies in order — so you can know where to watch them while you wait for Fantastic Beasts 3, you can watch the Harry Potter reunion Return to Hogwarts.Where to watch the Harry Potter moviesAs of February 2022, you can find all eight original Harry Potter movies on HBO Max (opens in new tab) and also on Peacock (opens in new tab). Due to various rights issues, the two streamers have traded the Harry Potter movie collection between them. Now, they appear to be sharing for at least a period of time.The two Fantastic Beasts films are now available on HBO Max: Fantastic Beasts and Where to Find Them (opens in new tab) and Fantastic Beasts: The Crimes of Grindelwald (opens in new tab).Watching the Harry Potter movies in release order is easy. The eight original movies came out first, then the Fantastic Beasts spinoffs. Here's the list of films and the year of their theatrical release:Harry Potter and the Sorcerer's Stone (2001) Stream on:HBO Max (opens in new tab)|Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Chamber of Secrets (2002) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Prisoner of Azkaban (2004) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Goblet of Fire (2005) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Order of the Phoenix (2007) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Half-Blood Prince (2009) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Deathly Hallows, Part 1 (2010) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Harry Potter and the Deathly Hallows, Part 2 (2011) Stream on: HBO Max (opens in new tab) | Peacock (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Fantastic Beasts and Where to Find Them (2016) Stream on: HBO Max (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Fantastic Beasts: The Crimes of Grindelwald (2018) Stream on: HBO Max (opens in new tab) Rent/buy: Amazon (opens in new tab) | Apple (opens in new tab) | YouTube (opens in new tab)Fantastic Beasts: The Secrets of Dumbledore (April 15, 2022)(Image credit: EA/Warner Bros.)Harry Potter movies in order of chronological eventsNow, here's where things get slightly tricky. The Fantastic Beasts films are prequels, so they take place decades before the events of the original Harry Potter movies. Those take place during Harry's time at Hogwarts, so each book/movie corresponds to a school year. The final two movies split the final book and school year.Here's the list of Harry Potter movies and the year in which they are set:Fantastic Beasts and Where to Find Them (1926)Fantastic Beasts: The Crimes of Grindelwald (1927)Harry Potter and the Sorcerer's Stone (1991-92)Harry Potter and the Chamber of Secrets (1992-93)Harry Potter and the Prisoner of Azkaban (1992-94)Harry Potter and the Goblet of Fire (1994-95)Harry Potter and the Order of the Phoenix (1995-96)Harry Potter and the Half-Blood Prince (1996-97)Harry Potter and the Deathly Hallows: Part 1 (1997-98)Harry Potter and the Deathly Hallows: Part 2 (1997-98)Fantastic Beasts 3 is likely to be set right after the second film in that series and before the events of Sorcerer's Stone. And if the Harry Potter stage play, Harry Potter and the Cursed Child, is made into a movie, it would fall at the end of both the release order and chronological order since it's set circa 2017.Are the Harry Potter movies on Peacock or HBO Max?Wait, didn't Peacock have the Harry Potter movies? Or was it HBO Max? Yes, they have swapped ownership of the franchise since they both launched. Currently (as of December 7, 2021), both services are streaming all Harry Potter movies.HBO Max streamed the Harry Potter movies when it launched in summer 2020. See, WarnerMedia owns the Harry Potter film franchise. However, the corporation sold the broadcast and cable (and streaming) rights to NBCUniversal, which owns Peacock. But WarnerMedia borrowed them back — likely for a hefty fee — so that its new streaming service could launch with some big titles.Then, the Harry Potter movies moved back to Peacock, where they streamed on and off through 2021. They returned to HBO Max over the summer. In October, both streamers have them. And then who knows what will happen in 2025, when NBCUniversal's TV rights lapse.As writer Jess Mason joked on Twitter (opens in new tab), "Harry Potter is like the child of a divorce where the parents are Universal and Warner Bros and the franchise just keeps being pulled to different homes."So many streaming services, all fighting over the same valuable IP.Read next: The best Netflix movies to watch right nowToday's best Roku Streaming Stick Plus deals (opens in new tab) (opens in new tab)\$59.99 (opens in new tab)View (opens in new tab) (opens in new tab) (opens in new tab) (opens in new tab)View (opens in new tab) (opens in new tab) (opens in new tab)View (opens in new tab)
